**RALPH MARTIRE**  
Exec Director, Center for Tax & Budget Accountability

**JEREMY ROSEN**  
Leader of Vote Yes for Fairness (voteyesforfairness.com)  
Dir of Economic Justice, Shriver Center on Poverty Law

**WHAT WILL THE FAIR TAX DO?**

- Address Illinois’ structural budget deficit
- Lift the burden off of lower and middle-income Illinoisans
- Require only those making over $250,000 a year to pay more
- Ensure 97% of Illinoisans see their taxes cut or remain the same
- Generate additional revenue to fund our schools

Illinois’ current tax system is fundamentally unfair. It disproportionately burdens middle and lower-income families while creating income inequality in our state. The current system taxes everyone at the same rate regardless of income, so the top 1% of Illinoisans only have to pay approximately 7% of their income in state and local taxes. In contrast, middle and lower-income families are forced to pay double – 14% of their income in state and local taxes. The fair tax will help lift the burden off our working families, while finally forcing the wealthiest residents to pay their fair share. On November 3, 2020, Illinoisans will have the opportunity to fundamentally change the trajectory of our state by voting YES to put the fair tax in place.

**Find out how YOU can help put this fair and equitable approach to financing our state into effect THIS NOVEMBER.**
