

**Steve Chucovich**  
**Architect, Consultant, Technologist, Educator**

Steve Chucovich has almost four decades of experience in planning, architecture, and urban design, and spent 23 years as Principal of ArchitectureDenver, a Colorado-based award-winning design practice. His experience includes architecture, strategic sustainable planning & design, large-scale urban, infrastructure and transportation planning projects throughout the US, the Middle East, and China. Notable among the projects is the Denver Millennium Bridge, a downtown Denver landmark that received awards from the American Institute of Architects and The American Institute of Steel Construction as well as recognition in the national and international press.
